Tier I: Covers all repairs needed to get the radio working properly, un-repairable radios are replaced at no additional charge. If we are unable to repair or replace your radio, it will be returned to you at no charge.

Tier II: Applies to the newer models, and covers all repairs needed to get the radio working properly. Replacements, however are not always covered under the flat rate price. We do not charge any fees when a radios is deemed un-repairable
